Store in a cool, well-ventilated area. Keep away from ignition

sources, heat and flame. Store in a tightly closed container.

8. Exposure Controls/ Personal Protection:

Wear appropriate protective clothing and safety gloves.

9. Physical and Chemical Properties:

Yellowish oleoresin with characteristic flavor of Marigold Flower

10. Stability and Reactivity:

The substance is stable and none reactivity under cool and dry conditions.

11. Toxicological Information:

The substance does not belong to toxic substances

12. Ecological Information:

The substance does not have hazards on ecological environment.

13. Disposal Considerations:

No pollution while disposal.

14. Transport Information:

This substance can be transported by all modes of transports.

15. Regulatory Information:

Accordance with Regulations on Food Additives

16. Other Information:

None.
