TECHNICAL DATA SHEET

DCPD (DICYCLOPENTADIENE)TM

DESCRIPTION

DCPD(DICYCLOPENTADIENE)TM is a kind of Colorless or Yellowish Transparent Liquid with analogous camphor odor, can be used to produce Petroleum Resin, UPR, Adamantane, Pesticide, Flavours and Fragrances, etc...

PERFORMANCE PROPERTIES

Properties	Typical Value	Test Method
Appearance	Colorless or Yellowish Transparent Liquid	VISUAL TEST
Dicyclopentadiene, % \geq	85	GC
Light than C6, % \leq	3	GC
Heavy than C10, % \leq	3	GC
Moisture, ppm \leq	200	GB/T11133-89
Color \leq	100	ASTM D 1209-2005
TBC, (ppm) \leq	150	GC
BHT, (ppm) \leq	100	GC

PACKING, STORING, TRANSPORTING:

Packed in dry, clean tank or Galvanized steel drum, or the isotanks, To be stored in cool and dry area and keep away from heat and flame. This product must have static grounding device.

The information given above is based on our experience and laboratory test. It is given without warranty.

The customer must make his own trials to ensure that glue meets his requirements.
