Revision Date:	Oct. 28, 2021

MSDS No.:: EMS.21.028.002.WJB Initial Date: Oct.28,2021 Version:: 1.0 Product Name: SODIUM NAPHTHALENE SULPHONATE Revision Date: Oct.28,2021 Item No.: NM36WJB

Section 1 Product and Company Identification

Product identification

Product Name:	SODIUM NAPHTHALENE SULPHONATE
FIUUULI Name.	SUDIVINAENTINALENE SULFIUNATE
Model No.:	1
HS code:	38244010
CAS No.:	36290-04-7
EC No.:	609-228-0
Molecular formula:	2(CnHsSOsNa)) · (n-1) CH2 (n-2) (CHsSOsNa)

Multi-purpose dispersant, suitable for concrete admixtures, agricultural products, synthetic rubber, resin emulsifiers. Widely sued in pre-cast& ready-mixed concrete, armored concrete and pre-stressed reinforced concrete in key construction projects such as dam and port construction, road building&town planning projects and dwelling erections etc. Suitable for preparation of early-strength, high-strength, high-antifiltration and seld-sealing&pumpable concrete. Used for and wide for seld-cured, vapor-cured concrete and its formulations. At early stage of application, extremely prominent effects are shown. As the result, the modulus and site utilization can be drastically, the procedure of vapor cure is omitted in peak-heat summer days. Statistically 40-60 metric tons of coal will be preserved when a metric ton of the material is consumed. Compatible with Portland cement,normal Portland Cement,Portland slag cement,fly-ash cement and Portland pozzolanic cement etc.

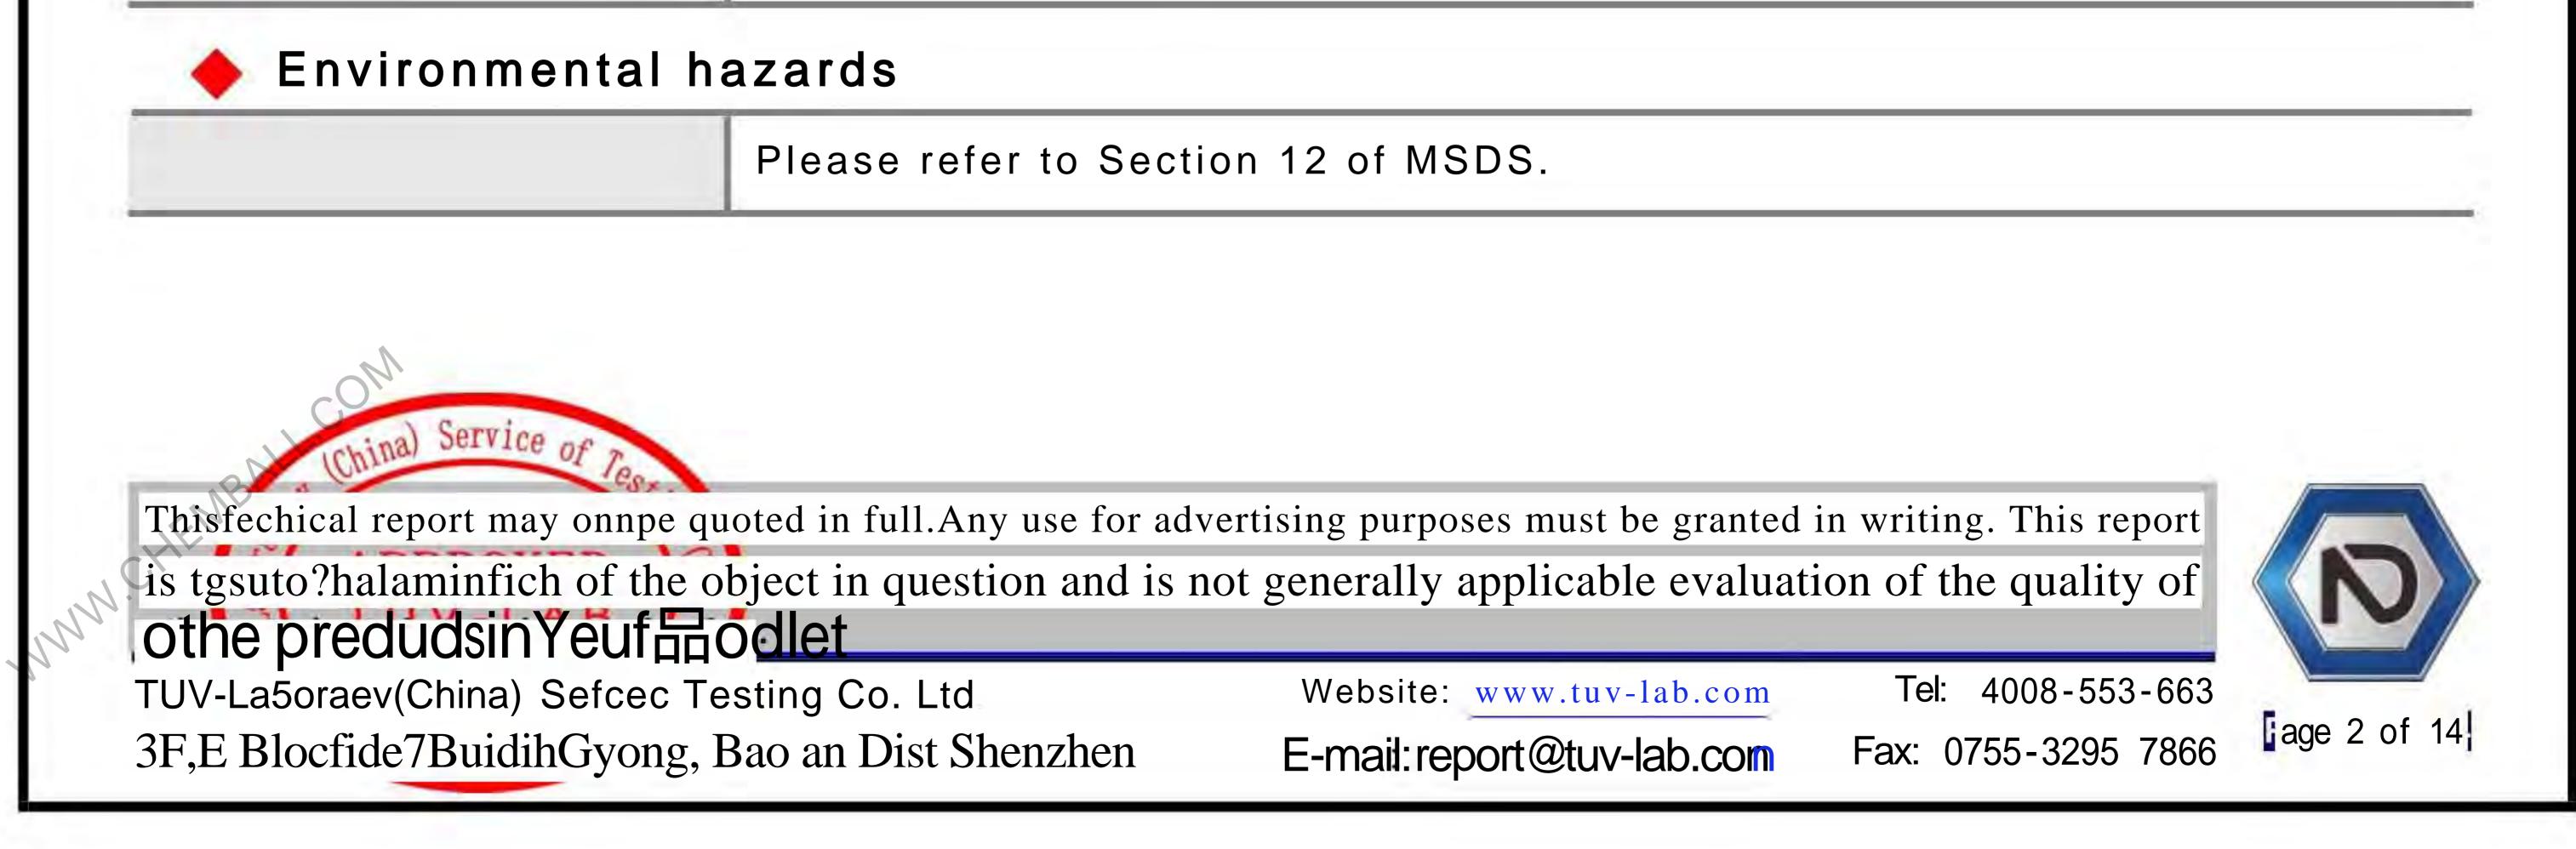

dentified uses:

Uses advised against: No special note

Section 4 First A	id Measures		
Description of first			
General advice:		fety data sheet to the door to	ctor in attendance. consult a physician if necessary.
Remove contaminat Skin contact: Wash off with mild s			vsician immediately.
Eyes contact:	If skin irritation occurs or persists, consult a physician immediately. Check for and remove any contact lenses, occasionally lifting the upp lower eyelids. Immediately flush eyes with running water, disappear up chemical residues so far. Provide a readily-accessible eyewash facility and quick-drench safety sh Do not rub eyes with hands. If skin irritation occurs or persists, consult a physician immediately.		
Inhalation:	warm and at rest. If breathing is irregu personnel.	lar, provide artificial re	an open airway. Keep person spiration or oxygen by trained persist or are severe.
	Get medical attention if adverse health effects persist or are severe. Ingestion: Wash out mouth with water. Ingestion: If material has been swallowed and the exposed person is conscious small quantities of water to drink.		

Material Safety Data Sheet

MSDS No.: EMS.211.028.002.WJB

Product Name: SODIUM NAPHTHALENE SULPHONATE

Initial Date: Oct. 28, 2021

Revision Date: Oct. 28, 2021

Version: 1.0

Item No.: NM36WJB

Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs.

Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person.

Most important acute and delayed symptoms/effects The most important known symptoms and effects are described in section 2 and/or in section 11. Immediate/special treatment Continue with first aid measures. Treat symptomatically and supportively. Symptoms may be delayed. 2 **Firefighting Measures** Section 5 Extinguishing agent Use dry sand, dry chemical or CO₂ foam extinguishing. Suitable extinguishing a second s

	agents:	Water spray can be used to cool fire exposed containers/materials.	
	agento.	Use extinguishing media most appropriate for the surrounding fire.	
Unsuitable extinguishing agents:		Do not uses a solid water stream as it may scatter or spread fire.	
Sp	becial hazards aris	sing from the substance or mixture	
1	If this product is involved in a fire, the following can be released: Sodium oxides, carbon ox chlorine oxides, etc.		
Fi	re precautions and	d measures	
1	Firefighters must wear self-contained breathing apparatus, wear full body fire suit, fire extinguish in the upwind.		
2	As far as possible w	vill be transferred to empty containers from the scene.	

Keep the fire water spray containers cooling, until the end of fire. 3

E	loolated accident scene, prohibit access					
5	Isolated accident scene, prohibit access.					
6	Receiving and processing of fire water, to prevent environmental pollution.					
is the other	echnical report may only be quoted in full. Any use for ac result of a single examination of the object in question a products in regular production.

Section 6	Accidental Release Meas	ures	

No action shall be taken involving any personal risk or without suitable training.

2	Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering.
3	Do not touch or walk through spilt material, avoid slipping.
4	Avoid breathing dusts.
5	Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate.
6	Put on appropriate personal protective equipment (see section 8).
Eı	nvironmental precautions
	Drevent further lealer as an iller if a faite de ca
1	Prevent further leakage or spillage if safe to do so.

Methods and materials for containment and cleaning up

1

Pick up and arrange disposal without creating dust. Collect mechanically. Keep in suitable, closed antainara fan dianar

	container	s for disposal.	
2	Disposal: regulation	: Contaminated material must be disposed of in accordance with all State and/or Lo	
Sec	ction 7	Handling and Storage	
Pr	recautions	s for safe handling	
1	Avoid for	nation of dust and aerosols.	
2	Put on ap	propriate personal protective equipment (see section 8).	
3	Eating, dr	inking and smoking should be prohibited in areas where this material is handled, stored and d.	
	N. Contraction of the second s		

4 Avoid breathing dust. 5 Provide suitable exhaust equipment. Operate in a well-ventilated place. 6 Normal measures for preventive fire protection. Keep away from heat/open flames/hot surfaces. Observe good housekeeping procedures and hygiene practices. 7 Service of This rechnical report may only be quoted in full. Any use for advertising purposes must be granted in writing. This report is the result of a single examination of the object in question and is not generally applicable evaluation of the quality of other products in regular production. 10	Persons with a history of skin sensitization p this product is used.	roblems should not be emplo	yed in any process in which	
11	this product is used. Handling carefully to prevent damage the packaging and container.			

Precautions for storage

2

Store in accordance with local regulations. Stored in a dry, cool and well-ventilated area. Keep
container tightly closed.

Avoid direct sunlight. Keep away from open flames and high temperatures, away from incompatible materials (see section 10).

3 Moisture-proof and water-proof.

Keep out of reach of children and pets. 4

Exposure Controls/Personal Protection Section 8

Control parameters

Occupational Exposure limit values

There is no known exposure limits prescribed by the state.

Engineering controls

- Ensure adequate ventilation, especially in confined areas.
- Ensure that eyewash stations and safety showers are close to the workstation location. 2

Personal protection

General requirements:

1010

Respiratory protection:

Where protection from nuisance le (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards NUCOLI /LION

Eye protection:	Wear safety glasses wh	nen there is a potential for	eye contact.			
Skin and body protection: Wear suitable protective clothing and boots.						
This technical report may only be is the result of a single examination other products in regular production TUV-Laboratory (China) Service of T	n of the object in question and n.
